

תשפ"ו 2026/27

GUIDE TO PARENTS

We at Kerem B'Yavneh congratulate you upon your son's acceptance to the Yeshiva and look forward to his arrival.

Kerem B'Yavneh is a Yeshiva Gevocha. In order to assist absorption of talmidim from abroad, we have established a special program of studies led by qualified Rabbanim, Mashgichim and other staff. These Rabbanim are Torah authorities and direct all their efforts towards the success and maximum progress of each talmid.

TUITION AND MAINTENANCE FEES

In order to enable us to devote our fullest attention to the spiritual and physical needs of our talmidim, we depend on timely payment of tuition fees. Fees are to be sent directly to KBY and **must be fully paid in advance**, or with postdated checks, credit card or bank deposit. US talmidim may enroll at Kerem B'Yavneh directly, or through Yeshiva University or Touro, thereby possibly becoming eligible for some financial benefits (state and federal grants/loans) as if in attendance at an American college. Fees for 5786–2026/27 are USD 30,000. The fees include tuition, maintenance, meals, dormitory, laundry, and field trips. *Insurance is not included and is handled directly between parents and the agent.* Upon successful completion of his studies and upon fulfillment of your financial obligation, a talmid will be provided with a fully recognized transcript upon formal request. Talmidim must remain in the Yeshiva for the entire zman and abide by vacation rules in order to receive full credit.

MEDICAL CARE AND INSURANCE

Medical insurance and coverage is handled and arranged directly with Egert and Cohen Insurance. **Every student is obligated to be signed up with this company in order to join the Yeshiva in Elul.** To sign up <https://www.ctas.co.il/welcome/kby.asp>

The insurance provides a clinic that operates bi-weekly at the Yeshiva and in emergency cases. All further questions regarding medical coverage, please contact the insurance agent, Shimon Cohen at shimon@egertcohen.co.il or +972-50-548-2192.

MASA/FAFSA AND FINANCIAL AID

MASA is a joint venture of the Israeli government and the Jewish Agency whose purpose is to financially assist those participating in long term learning programs in Israel. Everyone should register with Masa and in case of financial need, you must submit a Needs-Based Scholarship application to MASA. Please complete the applications on the MASA website at www.masaisrael.org or via the KBY website at www.kby.org under Students/Accepted Students.

Other funding sources such as your synagogue, Jewish Federation, workplace, FAFSA etc. must be explored before turning to KBY for financial assistance. Requests for a partial scholarship from the Yeshiva will be considered only if KBY scholarship application forms are

fully completed and submitted to KBY with current income documentation, and only if a Needs-Based Scholarship application has been submitted to MASA.

Remitting fees on time is of utmost importance and all the more so in cases of reduced tuition fees. We are certain that you will respect the conditions set forth by our scholarship committee, which reserves the right to reconsider its offer if you do not adhere to the terms and payment schedule of your reduced tuition fee. If MASA reduces or withdraws its award for any reason, including a student's early departure from the program, parents are required to cover the shortfall in funds. [Please be aware that MASA scholarships are awarded in full only if the participant completes a full 10 month program. Please keep this in mind as the program begins with the students' arrival on August 13th, 10 months is completed June 13th.]

SCHEDULE OF PAYMENTS

Parents and talmidim must complete and sign the registration form and email it to Yeshivat Kerem B'Yavneh in Israel by May 5, 2026 in order to confirm your son's place at the Yeshiva. We will only accept requests for alternative payment plans or reductions once the deposit has been remitted. Please contact our Israeli office with any questions il@kby.org.il.

ENTRANCE INTO ISRAEL/STUDENT VISAS AND PASSPORTS

Everyone **must apply** for the ETA-IL entrance permit before flying to Israel. You can apply at <https://israel-entry.piba.gov.il/eta/il/>

Do not apply for a Student Visa in your country. Students arrive in Israel on Tourist Visas and will obtain Student Visas, with the assistance of KBY office staff.

Furthermore, please be certain that your son's passport does not expire for at least 1 year from when he enters Israel. If his passport is due to expire, please renew it before his arrival in Israel.

If your son is **under** 18 years old when he arrives in Israel, and will only turn 18 after December 31, 2026, please be in touch with your local consulate and arrange a student visa through them.

ISRAELI CITIZENSHIP

If either parent or your son is an Israeli citizen, or has resided in Israel for any length of time, please contact the ISRAELI CONSULATE immediately and arrange for the proper authorization needed to enable your son to spend a problem-free year of learning at Kerem B'Yavneh. This entails obtaining an Israeli passport with a Mispar Zehut before he comes. Upon his arrival at KBY, your son must advise the office of his Israeli status and bring the relevant Consulate documents with him so that we can continue to monitor his status and relate to any problems that may arise.

TRAVEL ARRANGEMENTS

Tal Tours travel agency handles our US group travel options. Group flights will be met at the airport and transported to the Yeshiva. Those arriving individually will find it convenient to take a taxi to the Yeshiva - official airport taxis are available at a cost of about NIS 300.

ROOM ASSIGNMENTS

Each talmid is free to choose one roommate from overseas, should he wish to do so; a specific letter about this will follow later.

DINING FACILITIES

Yeshiva serves three hot meals per day; the main meal of the day is served at lunch.

We strictly discourage food preparation in the dorm rooms for hygiene reasons and because this negates Israeli/overseas social interaction that we strive to develop in all areas of Yeshiva life.

VACATION PERIODS

Vacations (Bein Hazmanim) are from 11 Tishrei until Rosh Chodesh Mar Cheshvan, from Rosh Chodesh Nissan until Rosh Chodesh Iyar and from Rosh Chodesh Av until Rosh Chodesh Elul. The dormitories, kitchen and dining room are not necessarily open during vacation periods and students should plan accordingly. The Yeshiva will help arrange accommodations for those students who have difficulty finding places to stay. Traveling abroad should be arranged only during vacation periods or for other necessary occasions that should be discussed with administration prior to booking. Please bear in mind that there is a short Chanukah vacation that does not justify travel abroad. Any trip during zman must be limited to a minimal number of days. In all cases, including returning home for academic requirements – exams for university, etc., the talmid must obtain prior permission from the administration, and travel arrangements should not be made before permission is granted. Please also bear in mind that if a talmid fails to remain in the Yeshiva for the entire zman he will lose university credit and MASA may deduct funds.

VISITS BY PARENTS

We welcome visits by parents and will make every effort to enable fathers to spend time learning with their sons in our Beit Midrash. We will also try to accommodate parents for a Shabbat or during the week, if advance notice is given and facilities are available. While we take into consideration that you wish to spend time with your son, please understand that excluding the aforementioned vacation periods, the Yeshiva is in full session. It is customary to leave with your son on Thursday after shiur and return on Sunday for morning seder. Anything beyond this should be cleared with Rav Zahtz and the administration prior to making plans. We also ask you not to arrange get-togethers for your son's friends during the week.

FIELD TRIPS (TIYULIM)

We have two major field trips, conducted during the Tishrei and Nissan recesses, to the southern and northern regions of the country. Many other opportunities for talmidim to strengthen their ties with Israel are provided. These trips are covered by the tuition fees and offer wonderful educational and social experiences and the chance to become acquainted with Torah/historical sites in Israel.

PACKAGES

Please be advised: Customs are readily charged on certain items and your son may incur heavy expenses in order to release packages from Customs.
